MEMORANDUM FOR THE CHAIRMAN, JOINT CHIEFS OF STAFF

- l. Your copy of the initial issue of the daily CURRENT INTELLMENCE BULLETIN, which is based upon information from all sources, is enclosed. The former susmary, which was based solely upon cables from diplomatic representatives, has been discontinued.
- 2. It is hoped that the broad representative current intelligence presented in the new Bulletin, with immediate comments of analysts, will be of more comprehensive value to you. It should be emphasized that the comments do not necessarily represent the mature appreciation of the Central Intelligence Agency and have not been coordinated with the other agencies represented on the Intelligence Advisory Committee. They are actually the first impressions of CIA on "spot" information and are subject to later revision. The next and following copies will contain selected items received directly from CIA sources.
- 3. I would appreciate having any comment or suggestions you might offer regarding this publication.
